NUMBER 34

## Co-operative Cheese Factory Should Increase Income of County Farmers

From time to time in the past 15 years, interest has been built up to secure for Jones County, and the several surrounding counties, a cheese factory in which the farmers could dispose of their milk products at an increase over their present, scattered manner of sales of their milk and cream.

A new plan is now being suggested through the County Agent and former district attorney, Otis Miller in Anson. Mr. Miller was chief speaker at the Hamlin Rotary Club Wednesday and laid the plan and the advantages before the Club, urging that business men, non-farmers as well as farmers get behind the enterprise purely from a Co-operative standpoint.

The only way this county can ever have such an enterprise is by a Farmers Co-operative plan. Every farmer who produces more milk than he uses should be interested. Below is the plan of financing, as suggested by Mr. Miller:

"A cheese factory for Jones county farmers through which they can profitably market their milk is now attainable if the farmers and merchants of Jones county want such a market. The Houston Bank for Co-operatives, through its president, W. J. McAnelly, has agreed to a plan for financing a cheese plant that should interest every farmer and merchant in Jones Co.

"The bank will advance \$9,000 of the needed \$15,000 capital required to build and equip a plant to handle 20,000 pounds of milk daily.

"The Houston Bank for Co-operatives will loan \$6,000 to the co-operative gins of Jones county at three and one-half per cent interest, and permit the Jones county Co-operative Gins to in turn loan this \$6,000 to the Co-operative Cheese Plant.

"The plan now under consideration is to ask the eight co-operative gins in Jones county to borrow \$750 apiece and loan this amount to the Co-operative Cheese Plant. The farmers and merchants of Jones Co. about 300 of them, will then be asked to subscribe \$20 apiece in preferred stock with note attached to be turned over to the Gins as security for the Gin's \$750 loan to the Co-operative Cheese Plant. In this way, the \$6,000 needed to be raised would be taken care of without any subscriber being out any cash unless the Co-operative Cheese plant failed to prove a successful venture, and then each individual would only be risking a \$20 investment on the venture.

"With a cheese factory located at Anson in the center of the county, every merchant in the county would be benefited by its operation. Trucks would go out to the farms to pick up the milk. The farmer would still go where he pleased to do his trading. However, there would be this difference, he would enjoy an all-the-year-round cash income from his milk production and would consequently make the merchants of Stamford, Anson, Hamlin, Lueders and others towns in the county an all-the-year-round cash customer.

"The only advantage that Anson might gain over any other town in the county through having the plant located at Anson would be the increased payroll for plant operators and truck drivers who might live at Anson.

"However, every merchant and every business concern in Jones Co. would benefit from the development of the dairy business in Jones county for the development of the dairy business in Jones county, through providing the farmers a

### W P A Workers Are Now Released For Private Employment

Wednesday, June 18—WPA District Manager J. O. Jones today reiterated his reminder to farmers and other private employers that all WPA workers are listed with the Texas State Employment Service and are available for private employment.

WPA workers will be released from projects wherever needed to make farm help available Mr. Jones declared. "Prospective employers should consult local representatives of the Texas State Employment Service," he explained, "as this is the duly-constituted agency for referring WPA workers and other persons seeking private jobs to employers."

Rolls of the WPA are constantly open to private employers and no worker who refuses a bona fide offer of employment will be retained by WPA. This regulation is based on the following section of the WPA appropriation act:

"No person, in need, who refuses a bona fide offer of private or other public employment under reasonable working conditions which pays the prevailing wage for such work in the community where he resides and who is capable of performing such work, shall be employed or retained in employment on work projects under the funds appropriated in this joint resolution for the period such private or other public employment would be available."

Currently employed on WPA projects in this district are 1819 men and women and an additional 751 persons are certified as eligible for WPA employment and are awaiting assignment whenever jobs are available. All of these persons are registered with the Texas State Employment Service and are immediately available to private employers, the District Manager stated.

Mrs. Hal Rasor is recovering from a serious operation at the Stamford Hospital on Wednesday of last week. She is still in the hospital and reported doing fine.

profitable milk market would make cash customers out of Jones county farmers. Moreover, business men would enjoy an all-the-year-round business instead of an occasional good fall business.

"Every farmer and merchant in Jones county, regardless of where he lives in the county, is urged to get in behind the movement to build a cheese factory at Anson.

"Plans are being formulated to hold about eight community meetings in the county where co-operative gins are located. At these meetings the plans and prospects for a cheese factory and what it will do for the farmer and the merchant will be explained. The places and dates for these eight meetings will be announced in next week's Jones county papers. Watch for the dates and places and be sure to attend one or all of these meetings.

Herald Note: If the Farmers Co-op. Gins became the centers of organizations, it would include Hamlin, Neinda, Anson, Hodges, Funston, Lueders, Ericksdahl, and Stamford. Like the ginning of cotton, the more milk carried to the creamery, the larger the "Refund check". This ought to belong to the women.

### FISHER COUNTY EGGS

A meeting will be held June 25th at 8:15 at the courthouse for the purpose of forming an "Egg Association." Everyone who is interested in better quality eggs, please be present.

JEWELL HIPPIE,  
Co. Home Dem. Agent

Mrs. A. J. Cohorn and family of Lamesa and Mrs. Manus Crow of Big Spring, visited Mr. and Mrs. C. C. Cohorn Sunday.

Miss Bernice Beard has entered a business college in Abilene to complete a course in Secretarial Training.

Gene Robinson returned Wednesday from his vacation at his old home in Tylertown, Miss.

### Cotton Goods Sellers Should Fill Out Blanks

The Cotton Stamp Program was discussed by Homer Belsford, representative of the Surplus Marketing Association and Miss Louise Bryant, Home Management Specialist; Miss Hearne, District Agent of the Extension Service, and P. C. Wylie, Jones County A. C. A. Secretary, at a meeting held at the District Courtroom, Wednesday, June 11, at 2:30 P. M.

Walter Love of Anson and J. C. Williams of Avoca, were members of the Cotton Sub Committee of the Land Use Planning Committee present.

All merchants handling any cotton merchandise are urged to fill out the necessary form which can be secured from Floyd Lynch, county agent.

Miss Bernice Beard went to Abilene last week to enroll in McMurry College for the summer session. She was met in Abilene by her brother, who was returning from a visit in Itasca with an uncle.

## Facts and Figures for Taxpayers of Hamlin Independent School District

The Hamlin school board is composed of seven members. They are, Thos. Teague, chairman; Dr. J. W. McCrary, secretary; L. H. McBride, Roy Gilbreath, J. Ubben, C. C. Prater and Holly Toler. The members of the school board are elected for a term of three years, two being elected each year, except on every third year, three are elected. This guarantees a nucleus of experienced members at all times on the board.

### SERVE WITHOUT PAY

The members of the board serve without pay. They are called upon to give freely of their time as the board must meet frequently. Then, too, the members are organized into committees that work with the chairman of the board and the superintendent on problems that arise during the month between meetings. The building committee is Mr. McBride and Mr. Ubben. The bus committee is composed of Mr. Gilbreath and Mr. Toler. Mr. Prater supervises the athletic plant. Mr. Teague and Dr. J. W. McCrary supervise the financing program. The board acts as a committee as a whole in the selection of teachers, dealing with tax problems and in deciding for or against action upon general issues.

### A GREAT RESPONSIBILITY

The board feels that it has a great responsibility to the people. It feels that it is their obligation to manage the school district and its affairs with the same care that each individual would manage his personal affairs. They try to view each problem that arises in this light and to make their decisions in such a manner that the district will be benefited.

### THE HARDEST PROBLEM

Of all the problems that the board faces, the most troublesome one deals with the handling of the financing program for caring for the district's capital investments and obligations.

### BONDS OUTSTANDING

May we present a review of the bond issues that the Hamlin District has supported and their conditions at this time.

Date of Issue	Amt. Issued	Amt. Paid	Bal. Due
1909	\$ 5,000	\$ 5,000	\$
1909	20,000	14,000	6,000
1911	4,500	4,500	
1922	25,000	9,000	16,000
1929	125,000	10,000	115,000
Total Bal. Outstanding			\$137,000

Our outstanding bonds are owned as follows: The State Permanent School Fund of Austin, Texas, owns the five per cent issue of \$115,000. The Banker's Life Insurance and Investment Company of Des Moines, Iowa, owns the six per cent issue of \$16,000. The Farmers and Merchants National Bank of Hamlin, Texas, owns the five per cent issue of \$6,000. Likely you are interest-

ed in the possibilities of paying this indebtedness. Here are the figures:

### TAX VALUATION—INCOME

The present total tax valuation of this school district, in round numbers, is \$1,700,000. If one hundred per cent of the people should pay their taxes annually, the school would receive \$17,000. Fifty per cent of this or \$8,500 would go to the bond holders. Now the interest on the bonds is over \$7,000 each year. This would mean that slightly less than \$1,500 would be available for the payment of principal. It can be seen that at this rate, the district would require about one hundred years to pay for their present equipment. This would make the district pay several hundred thousand dollars more for the equipment than it was originally expected to cost.

### SHORT TERMS, MAYBE

It can be readily seen that this plan of payment is not desirable. In the first place, we can not expect our present school plants to last for one hundred years. In the second place, our bond holders would foreclose on the district before that time. They could and would appropriate the state money which the district receives and this would result in a shortening of our school term. To shorten the term means the loss in our affiliation. No patron desires this.

### POSSIBLE SOLUTION

The school board believes there is a solution and that it hinges upon four conditions. It is their purpose to work toward bringing these conditions to exist. They are anxious for your support and co-operation. The conditions are: First, delinquent taxes must be collected in sufficient amounts to make the bond accounts current. The district owes approximately \$6,000 delinquent interest on bonds at the present time. Second, current tax collections must average ninety per cent or better each year and delinquent rolls must not be allowed to accumulate. Third, a refunding and refinancing program must be worked out that will allow cheaper interest rates on the bonded indebtedness. Fourth, renditions must be fairly made on at least sixty five per cent of the true valuations. This means that property must not be rendered at less than sixty five per cent of its true and normal values.

### CO-OPERATION NEEDED

If the taxpayers will co-operate with the board on these four conditions, the debts can be paid. Your school can be progressive, do better work and as a result offer better training. This will mean greater service to the community. Are you interested in working with your school board toward getting full benefits from your investments in service? Your suggestions will be welcomed and considered.

G. R. BENNETT, Supt.

## Rotary President Greenway Reports Impressive Convention In Denver

### Farm Loans May Still Be Applied For, Farmer Says

Farmers who desire Farm Security loans to buy their own farms were urged to hurry and file their applications by June 30th, farmer and chairman of the county tenant purchase committee.

Mr. von Roeder said that his committee is trying to hasten this work along so that every farmer will be on his newly-owned farm without interfering with his next year's work.

Loans which bear only three per cent interest and are repayable over a 40-year period may still be applied for by worthy tenants, sharecroppers, and farm laborers. Preference, however, is given to families with an adequate supply of livestock and equipment.

Farmers to whom these loans are made choose the farm they hope to own and are not restricted to those which are fully improved. The loan may include funds to repair or build the home, barn, and other buildings.

Applications for these loans should be made to the Farm Security Administration office located in the Post Office Building, Anson, Texas.

### Old Fiddlers Contest, Chuck Wagon Meals At Cowboy Reunion

Two main features of the Texas Cowboy Reunion, which annually attract thousands of visitors to Stamford are the old fiddlers contest and the chuck wagon meals which are served from wagons brought in from well known West Texas ranches for the occasion. This year's Reunion, the twelfth annual showing, will be held on July 3, 4, and 5th.

The old fiddlers contest, the biggest free attraction of the Reunion, will be held in the Coombes Round-up Hall on the morning of July 4, the second day. No entrance fee is required of the contestants and spectators are admitted free. Prizes totaling \$32.50 go to the four top winners, as follows: first, \$15; second, \$10; third, \$5; and fourth, \$2.50.

More than twenty-five contestants from throughout the state are expected to enter this year's contest, according to J. T. Stell, Stamford, chairman. A number of registrations already have been received. Contestants must be not less than 20 years of age, and professional musicians are barred. Each contestant is allowed to select the two tunes he plays, but they must be "breakdowns." The fiddler may play alone or select his own second.

Among the ranches expected to send chuck wagons this year include the 6666 ranch of Guthrie, the Matador ranch of Matador, the DDD ranch, Reynolds Land and Cattle Co., Kent County; SMS Flattop ranch, Stamford; SMS Spur ranch, Spur, the SMS Throckmorton ranch, Throckmorton, and the Bar-Cross ranch of Colorado City.

These wagons and their cook crews come in from the ranches immediately after the spring round-up and branding operations are over, set up and feed the visitors the regular cowboy chuck wagon grub—and plenty of it at very reasonable prices. All the wagons also participate in the big parade which this year will be staged on the first day of the Reunion, July 3.

Other principal features of the Reunion this year, besides the three daily rodeo performances, will be the quarter horse show, the annual official show of the American Quarter Horse Association, the cowgirl sponsor contests, which this year will be staged in the arena as a part of the afternoon and night rodeo performances, the annual convention of old-time cowboys, two big dances each night, and a demonstration in the arena at each night performance by the famous Stamford Square Dance Team, which recently returned from the National Folk Festival at Washington.

Denver, Colo.—With approximately 9,000 Rotarians and their families present from more than a score of countries, the 1941 convention of Rotary International got under way in Denver at sundown Sunday with special ceremonies which not only marked the opening of the convention, but also the dedication of magnificent Red Rocks Park Amphitheatre. Under construction for more than four years, work on the Amphitheatre was rushed to completion in time for the Rotary convention. The Amphitheatre, hewn out of the solid red rock of the foothills of the Colorado Rockies, has been judged by engineers and acousticians as the finest amphitheatre of its type in the world.

The colorful and picturesque dedication and convention inauguration ceremonies featured an 80-piece symphony orchestra, conducted by Henry Everett Sachs, and a chorus of 100 voices under the direction of John Kendel. Miss Helen Jepson, leading soprano of the Metropolitan Opera Company, thrilled the 9,000 assembled guests with her beautiful voice. The entire musical program was enhanced to an unbelievable degree by the magnificence of the setting. The dedication address was delivered by Rotarian Benjamin F. Stapleton, Mayor of Denver, and a message of welcome, broadcast over a coast-to-coast, Canadian, and Latin-American hook-up, was delivered by Armando de Arruda Pereira of Sao Paulo, Brazil, President of Rotary International and presiding officer of the convention.

Prior to the convention it had been thought that the international fellowship, which has always been the keynote of Rotary conventions, would be limited this year because of the difficulties of ocean travel. However, with others expected to arrive later during the week, Rotarians already in attendance at the convention represent Rotary clubs in Argentina, Australia, Bolivia, Brazil, Canada, Chili, China, Colombia, Cuba, Ecuador, England, Hungary, India, Lebanon, Mexico, Morocco, Peru, Philippines, Puerto Rico, South Africa, Straits Settlements, Switzerland, the United States, Uruguay, and Venezuela.

### A FINE BOY

The Schoemann Dry Goods Co. has a new member for the firm—his name is Ralph Samuel Schoemann; weight seven and one-half pounds.

The young man's birthday is June 12, born at the Hendrick Memorial Hospital in Abilene. Congratulations Mr. and Mrs. Kurt Schoemann.

Ray Fry of Throckmorton was over Monday mixing with old Hamlin friends.

Miss Margaret Turner of Corpus Christi is a guest of her cousin, Mrs. Gerald Morgan and Mr. and Mrs. C. P. Amerson this week.

Mrs. Garnet Alexander left last week with her father, G. P. Jones of Maryneal, for a two weeks cruise to Alaska. They went by auto as far as Seattle, and from there by steamship for various points in the far northland.

Wedding invitations have been received in Hamlin from Mr. and Mrs. Martin T. Clements, to the marriage of their daughter, Miss Margaret Elizabeth to Mr. William A. Harris in Wichita Falls Floral Heights Methodist Church on June 27th. Mr. Clements was formerly a Hamlin man, a brother of Ira Clements. Mrs. Clements was formerly a teacher in the Hamlin public school.

*This*

AND A LITTLE BIT OF

**THAT**

### Locally

Little girl (In Hamlin Herald)—“How do you know (asking about type) how to make ‘em go ‘front-ards’, when they all read ‘back-ards?’ ” Also,

“Do you have all the words in the dictionary; how do you keep ‘em separated, and where are they?”

A little girl like that will get places and know something. She had never been in a printing office before.

—T & T—

### One More Week

### To Talk Senator

After this Saturday there will be no more Saturdays to talk senator, for just one week from this Saturday folks will be sticking in their ballots containing about 29 names. It appears only four will do much counting. Don't ask which of the four. Straw polls don't mean much. Not till Tuesday night did Hamlin people get to see many O'Daniel stickers. Cars from somewhere coming to Anson had a few stickers boosting the governor. Many people want Mr. O'Daniel to remain in Texas as governor; many want Mr. Mann to remain as Attorney General; and it would seem it is a toss-up as to Congressmen Johnson and Dies.

If the names of Johnson, Dies, O'Daniel and Mann could be lined up at the top of the ballot, it would not take long to vote and not much risk as to the one some folks want. If those names are scattered, it will take two long cross marks to cut 'em all down except one. Only one candidate can be elected and he should be the right one.

—T & T—

### Should Congress

### Hear From Home?

Public sentiment is felt more in congress than most of us realize, and the men in congress really desire to know how people are thinking. This is especially true on the current labor question.

### The Herald Suggests

That ALL War Material Contracts, hereafter should be known as “Government Jobs”, in which the Government, the contractors and the workers all sign together to do whatever is to be done. This would enable all laborers to know before hand just what to expect and that nobody can quit till the contract is completed. A worker would then be subject to all regulations and restrictions equal to the soldier. The only difference is that the worker volunteers, and once in, can't quit—while the soldier is lined up and made to take the oath and can't quit. The worker gets the best end of the deal and should be tied up so he will deliver the goods.

—T & T—

### Rodeo Time

### Down In Texas

The Dallas News says: “Ropes are being limbered and barbecue knives whetted as the opening of the Texas rodeo season draws near. While the big spotlights will be on the Texas Cowboy Reunion at Stamford, July 3-5, and the XIT Reunion at Dalhart later, almost every crossroads town will have a rodeo of some sort. Many East Texas communities will be included, since their section lately has taken on new importance in the raising of beef cattle.

“The rodeo, in addition to providing good entertainment, is a fitting reminder of the place that cattle have had, and still have, in Texas economy.

“The 1941 rodeos will show that young cowhands are as expert at riding and roping as those of two generations ago. In addition to the rodeo, the Stamford celebration will have an old-fiddlers contest, a horse show and an exhibition in which barehanded bullfighter will engage the Brahma steers. Those who enjoy the life of old frontier Texas want to attend at least one of these cowboy fiestas.”

—T & T—

### Hamlin Has

### Escaped the Rodeo

Up to this time Hamlin has escaped the Rodeo Fever. Most Hamlin folks had rather be like the fellow who was called on to make a speech. He said he had rather listen to a speech than make one. It is far easier to go a few miles to see a rodeo than go to all the work and cost to pull one off. It takes a lot of new glamor to make any rodeo have continuous attraction.

—T & T—

God gives every bird its food, but He does not throw it into the nest. —J. G. Holland.

## NBC President To Honor Texas With Broadcast

**NILES TRAMMELL.** Dallas.—Niles Trammell, president of the National Broadcasting Company, has accepted an invitation to take part in the dedicatory ceremonies of the new WFAA and KGKO penthouse studios in Dallas on June 20 and 21, preliminary to their formal opening to the public on Monday, June 23. Trammell has followed closely the construction of the unique new broadcasting quarters for NBC's Red and Blue Network affiliates in Dallas, and engineers from Radio City in New York are especially interested in the mysterious dispersive treatment used by acoustical experts in the WFAA-KGKO studios.

## What's Better Than A Bathing Review

Last Tuesday night Anson dedicated her \$60,000 swimming pool, by inviting the folks from all 'round to come see some of Anson's pulchritude. Hamlin's big jolly banker, Mr. Ted Russell was one of the three judges to name the best looking Anson girl in the parade. There were 24 of 'em, and even a man much older than Ted could have picked the winner, even a full lake or pool length away. We did. That bunch of girls would measure up with any anywhere in the world, according to age.

Anson has a fine outlay of recreation, and like most of our towns, owes such things to the fact that once upon a time there was a “depression” and thanks to the W P A many useful and attractive things were built. Base ball parks, foot ball stadia, swimming pools, graveled and paved streets, improved and extended sewer systems, city lakes and so on, were the results.

Right here it is appropriate to remind Anson that if she is going to have another THREE to FIVE thousand people as guests, some place ought to be fixed to park cars. Why over there Tuesday night, there was such a jam, so dark and so many strange looking darkened places, one could not feel safe if he moved. What's all the ground for? Where are the Boy Scouts? But after scrouging in to the “pool fence” there was no further use in worrying about parking. Anson, take it from us, it was a good show.

The Herald anywhere, 1 yr. \$1.00

## Correct Tire Inflation Conserves Gasoline

Local Goodyear Dealer Urges Care And Inspection of Tires Plus Moderate Speed

What has tire inflation to do with increased gasoline consumption?

This is an important consideration today with thought turning nationally to ways and means of making the gasoline supply go farthest as an aid in defense planning.

Tire engineers, according to Bill Thomas, local Goodyear dealer, have over a period of years made extensive comparisons, finding that a slight reduction in air content of tires increases gasoline consumption.

“On the 6.00-16 size, popular on a large group of cars in current use,” said Mr. Thomas, “28 pounds of air is a normal pressure, but reduced to 24 pounds, or say roughly, reduced 14 per cent, will increase the car owner's gasoline consumption two and one-half per cent. That is, if the highways over which he travels are smooth, but if they're rough, he will get even less miles per gallon.

“That is a good reason for watching tire inflations—seeing that they are up to recommended figures, so that the owner will get the ultimate safe mile possible from each tire,” he continued.

“And one more point,” concluded Mr. Thomas, “right now is an especially good time to replace worn tires. We are conducting a tire sale from now to July 5, offering real savings on Goodyear tires to the car owners of Hamlin.”

## W. L. Boyd, Jr. Married Sunday In Lubbock

The Herald reproduces from the Lubbock Avalanche, a pre-write-up of the marriage of W. L. Boyd, of this city, to Miss Jean Conrad, that took place in Lubbock last Sunday afternoon. It is as follows:

"Wedding rites for Miss Jean Conrad, daughter of Mr. and Mrs. Paul Z. Conrad of Oklahoma City, and W. L. Boyd Jr. of Hamlin, will be read at 4 o'clock this afternoon at the home of the bride's sister, Mrs. Robert Maxey, and Mr. Maxey, 1910 Thirty-first street.

"Rev. H. E. East of Hamlin is to officiate.

"Fern, white gladioli and peonies will decorate the mantle which forms the improvised altar and floor baskets of gladioli and peonies will be placed on either side.

"Mrs. Tom B. Simmons, Jr., will play the wedding music. She will accompany Mrs. Herschel Maxey as she sings "Because," and during the ceremony will offer "Ave Maria."

### Bride Wears White

"The bride, who will be given in marriage by her father, will wear white net over taffeta with a torso bodice of silk embroidered net. Her veil of illusion falls from a halo caught with a spray of orange blossoms. She will carry a white Bible topped with an orchid and bouquet. Her only ornament will be pearls belonging to her mother.

"During the time that the vows are repeated Miss Betty Alice Gordon will hold the Bible corsage. Ray Willingham, Jr., of Stamford is to be best man.

"An informal reception will follow the ceremony. The dining table will be laid with white net and centered with shasta daisies and gypsophila. The double ring wedding cake will be tied with tulle and a spray of orange blossoms. Mrs. Henry Albritton of Hamlin will serve the cake after the bride has cut the first slice and punch will be served by Mrs. Phil Sparkman of Spur.

"Guests will be Mr. and Mrs. Boyd, parents of the bridegroom; Rev. and Mrs. East; Mr. and Mrs. Sparkman; Mr. and Mrs. Wright Boyd and son, Wright Grant of Lamesa; Mr. and Mrs. Wesley Johnson and children of Fort Worth; Mr. and Mrs. J. B. and Homer Maxey and Messrs. Tom B. Simmons Jr., and Herschel Maxey.

After a trip to points west, the couple will be at home in Hamlin where Mr. Boyd is in the cotton business. For traveling the bride will wear a blue sheer alpaca ensemble with navy accessories and an orchid corsage.

## Miss Louise Adkins

### Married in New Mexico

Below is a clipping from a Salt Lake City, Utah, newspaper giving an account of the marriage of Miss Louise Adkins, formerly of Hamlin.

Mr. and Mrs. S. L. Adkins of Cedar Crest, New Mexico, announce the marriage of their daughter, Miss Louise Adkins, to Odell Webb, son of Mr. and Mrs. George A. Webb of 2248 Lake Street.

The marriage took place on May 8 in Albuquerque, N. M. A party was given in their honor at Forest Dale Ward, with 60 guests attending.

The bridegroom filled a mission in the East Central States.

Mr. and Mrs. Webb are now residing in Cedar Crest, N. M.

The many friends of Miss Adkins in Hamlin will remember her as one of Hamlin's charming young women. She will be remembered for her activities in church and Sunday school work, and as a noted singer. After leaving Hamlin Miss Adkins finished high school in Albuquerque and attended a commercial school. Before her marriage she was employed in the pay-roll department of the Maisel's Indian Trading Post. Mr. and Mrs. Webb will reside in Salt Lake City, Utah.

## Seventy-Five Children In Vacation School

The Vacation Church School at the First Methodist Church is well under way and progressing nicely. Seventy-five children have enrolled in the four departments; Nursery, Beginner, Junior and Intermediate. Competent leaders are in charge of the various activities and much constructive work and play are being

enjoyed by all.

The schedule is as follows:

8:30 to 9:30—Study and construction.

9:30 to 10—Recreation.

10:00 to 10:30—Devotion and Singing.

The courses of study being presented are:

Nursery—"Happy Times in Our Church."

Beginners—"Child Life in Bible Times."

Juniors—"The Land Where Jesus Lived."

Intermediates—"Understanding the Bible."

J. C. Turner arrived home last Saturday on a two-day pass from the Camp Bowie Army . . . the "pass" terminated into a two weeks furlough, earned after a great sham battle that raged between 70,000 soldiers. J. C. looks the image of a tough, unburned, regular soldier.

He says he cut thousands of bushes to help hide soldiers and equipment from the air force cameras. Every item of the army was used in the "battle." While at home on the two weeks furlough, J. C. and his mother left early Monday for Bonham to visit Mrs. Turner's mother, Mrs. N. Phillips. A guess is that the soldier boy will visit Sherman, too, for a "special inspection", and why not?

Mrs. Jack Haggard is the mother of a fine son, Robert Ray, born June 7th. The father is a soldier man at Ft. Bliss, Texas, a member of the 112th Cavalry, Troop C. This event should merit a furlough for the soldier-father.

Dr. and Mrs. H. H. Inzer and their daughter, Dr. Tom Gentry of De Leon, were here Wednesday to visit their son, Starr Inzer and wife. Dr. Tom Gentry is a major in the U. S. Army Medical branch and is being transferred from North Carolina to Wichita Falls, Texas.

Mr. and Mrs. E. J. Bessire and children of Kilgore, are visiting relatives and friends here. They are enroute to points on the Plains, Knox City, Vernon, and Joplin, Mo. They will visit relatives at Headrick, Oklahoma, Oklahoma City, and St. Louis, Mo., also.

The Herald has a birth announcement from Mr. and Mrs. C. O. La Rue, saying the name is Sharla Jean and she weighs eight pounds and her postoffice is Sweetwater. C. O. formerly lived in Hamlin and most people will think of him as a school boy.

After spending a short vacation here with their parents, Mr. and Mrs. W. F. Johnson, Misses Annie Laurie and Carrie Johnson left last week for Greeley, Colorado, where they will take special work in the university.

Mr. and Mrs. H. M. Hooper went to Moody the past week end to get their mother, Mrs. L. P. Cozzen, who has been there for three months and taking treatment in the Temple Hospital. Mrs. Cozzen has improved and is feeling fine.

Saturday J. M. Montgomery and two fine little boys, James Milton (Buddy) and Robert Zane of Sylwester, were visitors at the Herald. The boys wanted to learn how a paper is made, and they ought to be real newspaper men some day, for they have all of what it takes.

Expensive Upkeep  
Paying her first visit to a farm, a little evacuee was very interested in everything. Presently the farmer took her into a shed where a cow was contentedly chewing the cud.

"Very good cow that," said the farmer. "She's my best milk giver."

"Yes," said the visitor, "but doesn't it cost you a lot to keep her in chewing gum?"—Tit-Mits.

Is your religion your steering wheel, or your spare tire?—Hugo Redwood.

## METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.  
Morning Worship, 10:50.

The Intermediates meet at 7:30 P. M.

Senior Young People meet at 7:30 P. M.

Woman's Society of Christian Service, Monday afternoon at 4:00 o'clock.

Fellowship night Wednesday night at 8:15 P. M. The Vacation Church School Workers will have charge of the program. A covered dish lunch will be served. Everyone is urged to attend.

The Pastor's sermon topic Sunday morning is to be: "Go A Little Further." Sunday night his subject will be: "My Savior." Special music will be rendered.

Sunday morning there will be a dedication service of babies in baptism. Those who have babies to dedicate, are urged to bring them.

Make your Sundays mean more. Attend church. The week-day burdens will be lighter and life will be sweeter. Life will mean more to you when you get the "Church going Habit." Try it, and begin next Sunday.

We are always glad to have visitors in our services. Come and worship with us. "We welcome you."

### Her Turn Next

Before the busy housewife had a chance to shut the door, the salesman started talking. And how he talked.

"And look at the value!" he exclaimed. "Why, there are some things that go without saying."

Then he just had to pause for breath.

"And there are others that say a lot without going!" she snapped.

—Montreal Star.

### What They Miss

There's one thrill the wealthy never enjoy.

What's that?

The joy of paying the last installment on something.

—Pasadena Post

## I GIVE YOU TEXAS

(By BOYCE HOUSE)

"Names make news."

When praised for his generosity in accepting an invitation to speak, District Judge Bascom Gist of Tyler replied: "There are two classes of people—those that make speeches, and those that listen to them. I would rather make a speech than have to listen to one."

A young man (according to a story I hear) stepped out of a taxicab in front of a hotel in Lubbock and remarked to the driver, "I'll have to get a check cashed; I'll be right back; my name is Marvin Brown and I'm the district attorney from Fort Worth." The taxidriver drawled, "Yeah, and my name is Thomas E. Dewey and I'm the district attorney from New York and I'll just go along with you." The "fare" grinned and they went in together and the hotel cashier cashed the check because the chap really was District Attorney Marvin Brown!

Few years back, your columnist wrote a book, "Were You in Ranger?" and because Amon Carter had made it possible for me to eat regularly during the depression by providing me with a job on the news staff, the first copy off the press was presented to him. Recently when my newest, "Oil Boom" came out, the publisher of the Fort Worth Star-Telegram received a book with this inscription, "The No. 1 copy off the press is presented to the No. 1 Texan."

An Oklahoma editor published two pictures, one of a dilapidated house and the other of an eroded field, and invited his readers to take part in a "You Write the Story" contest. Here is the prize-winning letter, written by an Indian:

Both pictures show white man crazy. Make big teepee. Plow hill. Water wash; wind blow soil. Grass gone, land gone, door gone; win-

low gone; whole place gone to —

Buck gone. Squaw, too. Papoose gone. No pig, no corn, no cow, no hay, no pony.

Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make teepee, make moccasins. Indian no make terrace, no build dam, no give d - - - All time eat, No hunt job, no hitch-hiking, no ask relief. No shoot pig. Great spirit make grass. Indian no waste anything. Indian no work. White man heap loco.

Ain't civilization wonderful?

Over the State:

A Fort Worth cafe with a very lofty ceiling has a sign high in a corner, "What are you looking up here for, anyhow?"

A sign in Kingsville must have been written by someone with a poetic mind: "Canaries in full sing."

People living in glass houses shouldn't throw stones, we've read. But there is a jewelry store in Austin that has a front door made of glass.

Judge—Have you anything to offer the court before sentence is passed on you?

Prisoner— Nothing, Your Honor; my lawyer got my last cent.

A middle-aged woman lost her balance and fell out of a window into a garbage can. A Chinaman walking along remarked: "Americans very wasteful. That woman good for ten years yet."

Look well into thyself; there is a source of strength which will always spring up if thou wilt always look there.—M. Antoninus.

### Nonblooming Plant

Spending the night in an Amarillo, Texas, (hotel, a young woman tourist who, it was learned later, had two eastern college degrees, engaged the desk clerk in conversation.

"What have you that is of unusual interest in your city?" she asked.

"Well," he replied, "we have the only helium plant in the world, for one thing."

"Really," she remarked, interestedly, "and is it in bloom now?"

—Capper's Weekly.

Haughty Woman — Did any of your ancestors do things to cause posterity to remember them?

Farmer—I reckon they did. My grandfather put mortgages on this place that aren't paid off yet!

# 1 FILL LASTED 13,398 MILES—Certified

Then how long is a quart of this great New Motor Oil?

STRAIGHT FROM SIZZLING DEATH VALLEY COMES YOUR ANSWER...

The lock-guarded engines of 6 coupes faced the Death Valley desert with oil exactly up to "Full!" Not a drop could be added. The destination of all 6 identical everyday engines was... Death!

Here were 6 high quality motor oils getting the same strictly fair opportunity to show how long they'd let an engine live on one exact fill and no more.

Down in Death Valley—hotspot of the U. S. A.—every car sped at 57 miles an hour, till its oil gave out and the engine smashed. The brand of oil that used up quickest was outlasted 8,268 miles by a revolutionary new oil in this impartial, certified test. This new oil exceeded the average mileage of the other 5 oils by all of 7,057 miles! Certified. This longest-lasting oil in the test, which your car can have today—at popular price—is new

CONOCO N<sup>th</sup> MOTOR OIL with its Man-made new Economy aid The record long life that defied Death Valley comes from a new laboratory creation... man-made... called Thialkene inhibitor. Its action in some ways suggests Vaccination—which puts the right protective substance on guard to keep a trouble from even starting on you.

The trouble aiming to start on motor oils lurks in the engine's normal firing. Filth is formed that tends to start the oil "festering." First one drop spoils—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER. Soon oil stamina is sapped; the engine suffers, and cries for quart after quart... but not

when the worst of this "festering" attack is nipped in the bud—inhibited—by the life-giving Thialkene inhibitor in new Conoco N<sup>th</sup> motor oil.

Now you'll never rashly exceed the proper oil-change period for your car and driving conditions—any more than you ignore traffic rules just to "get away with it!" But Certified Proof from the desert that new Conoco N<sup>th</sup> could outlast the other oils in the test by as much as 161%, gives you more than mere hopes of long Summer mileage between quarts. Change to Conoco N<sup>th</sup>—at Your Mileage Merchant's Conoco station... today. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

### IMPARTIAL

Latest available products of 5 leading competitors bought retail by Referee.

New everyday coupes used—identical. Broken-in alike. Engines taken apart for Referee—to assure uniformity.

Carstuned alike. Same Death Valley route for all. Drivers rotated to even up on skill.

One fill per car. None added. Engines under lock—under scrutiny—every mile.

### AND CONOCO N<sup>th</sup> OIL OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. By magnet-like action, OIL-PLATING is bonded to inner engine parts. Then it can't all drain down—not even overnight—not while you're using Conoco N<sup>th</sup>. So OIL-PLATING is on guard against wear in advance!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco N<sup>th</sup> oil.

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

POT SHOTS FROM M<sup>c</sup>CAULLEY

BY GEO. DARDEN

Billie Fairey, grandson of Mr. and Mrs. Bert Mayo is visiting in the home of his grandparents for a few weeks. Little Billie's home has been at Brownwood, but recently his parents have moved to El Paso.

Mr. and Mrs. Edgbert Dick from Stamford were visiting his parents, Mr. and Mrs. C. E. Dick last Sunday.

Mr. and Mrs. S. E. Miers had as their guests Sunday for dinner, two sons, two daughters, a daughter-in-law, and of course we out-laws were in on the deal.

Mr. and Mrs. Westley Akins and little son were visitors in the home of his parents Sunday, also a daughter, Miss Cleo was a visitor in the home of Mr. and Mrs. Luther Akin.

Quite a few folks have told us that their name was in the paper but as they didn't take the Herald they didn't see it. Well, folks, all you got to do is to see me or Bowen Pope, and we will gladly take your subscription, and too, it's only one buck for a whole year.

Bro. Dick preached a Fathers Day sermon at the church Sunday and we think the sermon was fine and to the point. Most every body observes Mothers Day and perhaps Fathers Day isn't taken seriously enough, but after all is said and done, the "old man" is to be honored as he not only brings home the bacon, but the fathers as well as the mothers are the back bone of the nation.

Mrs. R. L. Miers spent Fathers

Day with her parents, Mr. and Mrs. Will Rushing at their home in Royston.

Frances Davison is at home for the summer. Miss Davison is a student at North Texas Teachers College at Denton.

Mrs. Lottie Rector is home from the hospital and we are glad to report that she is improved.

The Methodist members painted the inside of the church last week. Mrs. Jim Jackson and Mrs. Ellis Eivens attended a meeting of the home demonstration club at Roby one day last week.

Quite a number of the farmers have been summoned for jury service for this week and as it is raining and they can't get in the fields for a few days, we guess three dollars per day won't hurt.

O-O-O-O

We find that we are not the only one by any means that is opposed to Mr. O'Daniel for the Senate. The following letter is one of many that express their sentiments:

Childress, Texas

June 2, 1941

Dear George:

Congratulations on your letter to the editor of the Star-Telegram about this O'Daniel sob stuff, and send me a dollar business. There was more truth in it than 10 of his broadcasts. I never keep up with politics much, but I do feel like I know when we are taken for a bunch of sleeping citizens, and not "common citizens," as I am not sure just what he and Hal Collins mean by the word Common. Defined in one place in the Winston Simplified Dictionary, the word Common means "Of low birth or origin." I heard him sobbing today about the legislature not adjourning so he could get out and fiddle around over the state. I just wonder why he did not tell us sleeping citizens about this last week. It looks like he has quit passing the biscuits, pappy, and has started passing the barrel to us sleepy citizens. Yours for helping, not to let him run the barrel over,

Very truly yours,

Buford Dean

Thanks Buford, and when we hear the man from Kansas talk about the professional politicians, it reminds us of Jim Ferguson when he said: that he had much rather be a professional politician than a professional ignoramus. We do not need a silly, giggling man in the Senate who talks of putting cuckebers under the tails of pussfooting politicians. Remarks like that do not pound to us like statesmanship. Now a no time for hillbilly shows in Washington.

A DARDEN-O-GRAM

Mrs. Clyde Dean and little daughter, Margaret Ann of Brownwood are visiting Mr. and Mrs. Ivy Witt or about two weeks.

Miss Janie Mae Johnson, a teacher in the Sioux Falls, South Dakota schools, is spending her vacation here with her parents, Mr. and Mrs. W. F. Johnson.

### How to become A SKILLED DRIVER

By RAY W. SHERMAN

Courtesy of the

FORD GOOD DRIVERS LEAGUE

(EDITOR'S NOTE: We believe many motorists in this community would drive better if they knew better how to drive. In the interest of safety, we will publish from time to time excerpts from the book, "How to Become a Skilled Driver," written for the Ford Good Drivers League by Ray W. Sherman, noted authority on driving. These excerpts are reprinted through courtesy of the Ford Motor Company.)

## BE A GOOD SPORT

A good driver has to be a good sport. When he notices another car trying to pass him in traffic, he lessens his speed and lets the other fellow in. Why not let him pass? It's evident he is driving faster than you care to. But that's his business, not yours. Safety requires that you give a little.

If the light turns green, you theoretically have the right of way, but don't take it for granted. Maybe that fellow coming up the street has poor brakes. Maybe his eyesight is bad. In any event, make sure he's going to stop.

If a pedestrian decides to cross the street in the flow of traffic, the driver must know how to handle the emergency. To a skilled driver, only one person has the "right of way" and that is the "other fellow." Be a good sportman.

## Connally Stop Strikes Measure Gets Results

Washington, D. C. — With word from the War Department that more men were on strike than at any other time since the beginning of the emergency, the bill to stop strikes by Senator Tom Connally of Texas effected a crystallization of sentiment among both executive and legislative authorities expected to end this irritating interference with national defense efforts.

The measure, known as Senate 1600, authorizes the government to take over and operate in the national interest any plant or factory engaged in the production of defense articles in which the production of such articles is hampered, delayed or impeded by the existence of a strike or other labor disturbance.

Senator Connally emphasized that strikers, who are stopping work in plants that ought to be running 24 hours per day in behalf of our defense, are attacking the national

welfare and the national safety by a form of creeping paralysis.

"My bill," pointed out Connally, "denies to no man his fundamental rights. It does demand that there shall be no stoppage of work in national defense plants. The processes of mediation and conciliation will be preserved. In the meantime, however, the plants must continue to operate under government direction and government protection. Men who do not desire to work may quit their jobs. Those who desire may continue to work with the government's protection. No right is denied any citizen.

"America faces a great crisis. The national security is involved. The nation does not propose to have its safety imperiled and its program for national defense delayed or bogged down by selfish and wilful groups who seek to take advantage of the nation's necessities to improve their own condition at the expense of the safety of one hundred and thirty millions of people. Strikes in defense plants must stop. My bill will stop them."

Mr. and Mrs. Claude Bessire had as their dinner guests on Thursday Mr. and Mrs. Earl T. Palmer of Sweetwater. Dinner was served at the City Lake.

Mr. and Mrs. Frank Harris of Tucson, Arizona, were here last week visiting their parents, Mr. and Mrs. D. M. Harris. Frank is assistant manager of the Tucson Sears Roebuck Store.
